Anatomy of a Trusteeship

The saddest time in a school board's existence is when a capable trustee decides the time has come to retire from the sometimes thankless task.

Such was the occasion Monday night when the Lemon Grove Elementary School District said farewell to Thomas A. Higdon who had served four years.

There are many things that could be said about Higdon; his dedication, his honesty, and his sincerity of purpose. But it remained for Higdon to unintentionally say them about himself.

It was at Higdon's final official meeting that this writer had the privilege of uttering words, written by Higdon when he decided to seek election to the Lemon Grove School Board, Higdon, a member of St. John of the Cross Catholic Church and a veteran who was wounded on Okinawa, responded to a questionnaire: "What Qualifications Should A School Board Member Possess?"

What Higdon answered should forever be a guide to those who would serve as trustees.

Of the character of a trustee, he said:

"A school trustee should have above-average personal integrity.

"A sincere and unselfish interest in public education and the community it serves.

"The ability to think independently and rely on fact rather than emotional appeal or prejudice.

"A willingness to work through the established channels of authority.

"A knowledge of the community and loyalty to associates in the school system.

Willingness to spend the time necessary to become a good board member."

On issues he was equally straightforward and strong.

Finance: "... property owners should pay a fair share of school support since the ultimate use and value of property depends on the living standard of the community, the State, and the Nation. Education is essential to the improvement of the living standard. A fair share can be determined only by a careful study of the educational needs and economic conditions of the community. As a property owner, I would like to have my taxes reduced — but not at the expense of public education.

Unification: "I support the aims of unification or the attempt to provide better educational opportunities for all citizens of the State with the available funds. I like the present educational standards, curriculum, and policies of the the Lemon Grove School District and would prefer to see it remain as a separate entity.

"However, the State Legislature has decided that further unification shall take place. The County Committee on School District Organization has adopted a plan for a two-way split of the Grossmont District into north and south segments. I will support these decisions and will work either as a citizen or a school board member to see that the best interests of the community are served.

Special Programs: "I believe in special programs both for the gifted and the educationally limited. By such programs, the gifted are given opportunities to become great professional people such as teachers, doctors, scientists, etc.; all of whom contribute to our national stature and well being. The educationally limited are trained to become useful, self-supporting citizens. I also believe that special programs should be regulated to stay within the needs and financial capabilities of the community they serve."

Interestingly, he lived up to this credo during the four years he served.

Fireworks on the Fourth

The old-fashioned patriotic Fourth of July fireworks display is almost a forgotten part of our national character.

Many old-timers recall with satisfaction the days between the wars when a day of picnicking, complete with home made ice cream, fried chicken, and scuttles of foamy beer would end in a sky-shattering display of fireworks reminding us again of the stormy revolution by which we reclaimed ourselves free.

Little of that show of patriotic fervor is evident today — with a few exceptions. Some veterans' organizations will have a Massing of the Colors. Others will parade. In Lemon Grove the Chamber of Commerce is joining with the Old Time Days Association to provide a family day at the Lemon Grove park.

But mostly, it'll be a patio barbecue, a day at the television box, or any outing with little patriotic flavor.

This is a build-up to an invitation to watch a local fireworks display at 9 p.m. next week on the Fourth of July. More than \$2,000 worth of multi-colored pyrotechnic loveliness will remind us of our heritage that has been aging for nearly 200 years.

The display will be set off on the top of the hill north of St. John of the Cross Catholic church. The church is at Imperial and Broadway in Lemon Grove. The hilltop can be recognized by the large green water tower. It should be visible to most everybody in each community.

The display is the project of the La Mesa Chamber of Commerce. The chamber started late in collecting funds for the display this year and there is a financial shortage of about \$1,000 as a result.

Several local service clubs have agreed to give financial

Time Runs Out Monday For 12,000 Taxpayers

Final warning on real estate taxes came this week from James E. Jones, County Tax Collector.

Real estate taxes not paid by June 30 will carry additional penalties, he said.

Property on which delinquent taxes have not been paid by that date will be sold to the State. Additional penalties of one percent a month and a redemption fee of \$1.50 a parcel will then be added, he warned.

There are 12,244 property

owners who have not paid their taxes for 1968-69 as of June 17, he said.

More than 400 delinquent notices have been returned to the Collector's office by the Post Office as "undeliverable."

To pay the tax bill before the deadline, owner should add six percent penalty and \$3 a parcel costs for preparing the delinquent tax roll and list.

Regarding questions, owners should call the Tax Collector's office at 234-8813, ext. 331

Powder Puffers Set For Take-off; Eleventh Race for L.G. Nurse

Mrs. Isabelle McCrae will pilot TAR 63 in the All Women Transcontinental Air Race set for take-off July 4, from Lindbergh Field, and terminating at Dulles International, Washington, D.C. on July 7.

Her co-pilot is Mrs. Margaret Callaway of San Pedro, Calif.

Mrs. McCrae will be flying her 11th race in a 240 hp. Piper Comanche.

The race is better known as the Powder Puff Derby.

She holds a commercial license, single and multi-engine land and instructor ratings with approximately 2500 hours.

A former WASP, Mrs. McCrae holds a commission of Captain in the Civil Air Patrol and is a senior pilot in their Search & Rescue program.

She was a 2nd Lt. in the U. S. Army Air Force Nurse Corps and is presently serving as Public Health Nurse for the Grossmont Union High School District in Spring Valley, Calif.

She has one son, Mike, who is a 2nd year medical student. Sponsoring TAR no 63 is Exchange Club of La Mesa, Calif.

Mrs. Callaway has a commercial license, instrument, instructor and single engine ratings. She has logged 9400 flying hours. She will be competing in her 13th TAR.

Mrs. Callaway has an impressive record for air races and

she taught her 2 daughters to fly.

Presently she is a Flight Instructor at Peninsula Aviation, Torrance. Her husband, Lt. Col. Richard, is a retired Air Force pilot.

Heroin Sales Net L.G. Man 5-Life Term

SAN DIEGO (CNA) — Peter Bruce Caballero, 25, 1855 Eldora st., Lemon Grove, was sentenced to state prison for five years to life on Wednesday for the sale of heroin.

The sale was made in Imperial Beach on Oct. 3, 1968, and was three-tenths of a gram of heroin for \$1,000 to a state agent.

Caballero was found guilty in a jury trial and criminal proceedings were suspended and Caballero was sent to the California Rehabilitation Center.

He was returned to the court by that institution as not being a suitable subject for civil treatment.

Caballero, the report said, completed the 11th grade in Mar Vista and received his high school diploma after studying while in prison.

He was released from prison in December of 1967.

Miller Dairy Takes 6 Medals At Del Mar Fair

DEL MAR — Miller Dairy, of Lemon Grove, was awarded three Gold Medals and three Silver Medals for quality dairy products at the Southern California Exposition which opened Wednesday.

Miller Dairy, 7953 Mt. Vernon, was awarded Gold Medals for Non-Fat Milk, Half and Half, and Whipping Cream. Silver Medals were awarded for Homogenized Milk, Low Fat Milk, and Producer Milk.

To earn a Gold Medal an exhibitor must score 95 per cent or more.

Milk, cream, and half and half is judged the basis of flavor and odor, bacteria, sediment, temperature, container and closure.

Producers are scored for flavor and odor, bacteria, sediment, butterfat and non-fat solids.

Shotgun Blast Victim Dies

Funeral services were held Tuesday for a Lemon Grove man who was shot accidentally Thursday evening while on a family picnic.

William Mauser, 25, of 2521 Mercury dr. was wounded when a 12-gauge shotgun being carried by David Prazak, 26, of the same address, discharged accidentally.

The two men were with family and friends on a picnic in Proctor Valley when the accident occurred. They had walked away from the group, in which there were women and children, to shoot targets.

Prazak told sheriff's deputies that he stumbled and the gun went off accidentally. Investigators termed it accidental.

Mauser died Saturday in Bay General hospital. He is survived by his wife and two children.

Record County Budget Nearly 200 Million Dollars; 1969-'70 Tax Rate Uncertain

SAN DIEGO (CNA) — A county budget of \$193,348,897 was approved Friday by the County Board of Supervisors.

The board, after a series of hearings, reduced the final proposed budget by \$1,894,281.

Most of this reduction was achieved, however, by cutting the contingency reserve from \$1,500,000 to the razor-thin margin of \$360,000.

It is a one-year-only reduction because the next operation, providing the county does not run into financial problems, is to cut the starting surplus for the following fiscal year by the same budget

amount. Supervisor Jack Walsh was successful in getting \$250,000 placed in the budget for a start on a drug abuse prevention program although he proposed \$480,000.

The vote was three to two with Austin and Henry A. Boney voting no. Boney later said he was shifting his vote to yes when he was assured that revenue can be found to pick up much of the costs.

Walsh said the county is spending about \$5,000,000 a year on drug abuse suppression but practically nothing on prevention. He proposes rehabilitation programs that can be run outside of law enforcement efforts.

He would also use television for realistic portrayals of the use of drugs.

Boney said he was against the proposal at first because it might run counter to the findings of the task force on criminal justice that he is a member of.

Scheidt backed Walsh's original motion. He said there are enough commissions and study groups and that everyone cannot sit back and wait for the other level of government to appropriate money.

Chief Adm. officer Fred Morey would not make an estimate on the tax ride because of the still unknown factors of carryover surplus and assessment roll increase.

The board's efforts resulted in a decrease of some 8.8 cents on the tax rate based on this year's assessment.

The budget remains a record in both size and percentage increase. Last year's budget was \$159 million and the tax rate was \$2.37.

The board killed four to one, Walsh's proposal to delay adoption of the budget until after it learns what the state legislature will do in property tax relief in the field of welfare.

This proposal could cut up to 53 cents from the property tax by shifting the load to the income tax. The state would then fund nearly all of the cost of welfare.

FIVE DAYS AND COUNTING

Countdown On For Burning; All Outdoor Fires Banned

The days of the weed and trash burners are numbered. The number is five — if you want to count today as one of them.

Beginning Tuesday, the Air Pollution Control Board, operating under the jurisdiction of the County Department of Health, will take action against anyone burning trash, weeds, debris or rubbish — or any other combustible that produces smoke and fire.

In some communities — Lemon Grove and Spring Valley are not among them — local fire departments have issued permits good for one year. This may develop a jurisdictional dispute.

Dr. J. E. Askew, director of County Health Department, said earlier this week that six measuring devices placed at strategic locations in the county have shown an annual increase in oxidants in the air since the devices were installed in 1956. "Following these findings to a logical conclusion, a point will soon be reached where San Diego County will be in the same situation as some of the other suffering cities," he said.

"Complete control is the solution," he added.

Dr. Askew said the Air Pollution Control office presently has a staff of ten persons and two radio-controlled enforcement vehicles.

He said APC officers will warn offenders on the first complaint — for the present. Offenders will be given an instruction sheet at the time of the offense. Presumably, offenders can be charged with a misdemeanor and the \$500 fine/six months in jail penalty can apply at the court's discretion.

The ban on open fires and incinerator burning goes into effect Tuesday. The area includes all that land west of the mountains and less than

2,000 feet above sea level.

County supervisors are presently in argument about the north county area where the population density is thin, and about two county burn dumps that will be put out of operation by the ban.

So far no additional controls have been placed on autos, the major contributor of the photo-chemical pollution problem, nor about trucks, which are said by experts to be the greatest pollution contributors of them all.

Dr. Askew said that patio barbecue fires and residential fireplace fires would not be under control.

He said enforcers would have no control over those who elected to burn weeds and trash in their fireplaces.

Dr. Pascoe to Participate In I-D-E-A

Dr. David D. Pascoe, Associate Superintendent of the La Mesa-Spring Valley School District, La Mesa, has been selected to participate in the fourth annual I/D/E/A/Fellows Program for School Administrators.

He will attend a one-week session, dealing with the mounting problem of student activism and curriculum relevancy, to be held at Mills College, Oakland, California.

Each year the Institute for Development of Educational Activities, Inc., selects 400 outstanding educators from throughout the United States to participate in these professional workshops, which are scheduled at four separate locations in the country. The participants are chosen from among thousands of applications submitted each year.

LG School Budget OK Deferred One Week

A combination of uncertainty about State aid, the tax ceiling election, and demands by personnel for increased wages, has caused the Lemon Grove School Board to wait so long that an extra meeting had to be called to complete the 1969-70 budget.

The uncertainty about State aid may still be with the board but there is no uncertainty about salary demands and no uncertainty about the deadline of July 1 for having an approved budget in the hands of the County School District.

County Sheriff's Dept. Will Hire Deputies

San Diego County Sheriff's Department will be hiring some 25 Deputies in September and another 25 in December.

Employment applications must be received by 5 p.m. July 2 for an examination to be held July 12 for the position of recruit Deputy.

This examination is open only to men from age 20½ to 33. County and state residence is waived; U. S. citizenship is required.

Application forms with complete requirements may be obtained from the Personnel Department, Room 403, County Administration Center, San Diego.

Recruit Deputies receive extensive training in the Sheriff's Academy before assignment to the various law enforcement functions.

Successful completion of a physical fitness test will be required during Academy training. Appointees will be on probationary status for one year.

Beginning salary will be \$336 biweekly; maximum salary achieved after 30 months will be \$408 biweekly.

The special meeting was called for Monday and trustees will be looking at a budget of approximately \$3 million. The board has already indicated that a six per cent increase is about what it will go for when the budget is put together at the Monday meeting.

If it does, the district will pay out \$150,000 more next year in wages to teachers, administrators and classified personnel.

The board looked rather coolly on the teachers' proposal for an increase in health benefits from \$16 to \$23 a month cost per teacher to the district. Already costing \$34,000 the increase would carry the district's cost to \$53,000. This, too will be decided Monday.

LG Fire Report

The Lemon Grove Fire Department answered four fire calls during the week of June 9-16; two of the calls being listed as "needless." Here is the rundown:

June 9 at 2:40 p.m. — a small grass fire at the 1400 block San Altos, with no damage.

June 10 at 9:17 p.m. — standing grass at Kenton and Washington, which was put out by neighbors, and the call listed "needless."

June 11 — a small grass fire along the freeway, which was possibly started by a lit cigarette, but no damage.

June 13 — the fire alarm system at Monte Vista Retirement Home went off accidentally, bringing the department, but the call listed as "needless."

There was one rescue run during the week: On June 15 at 2:16 a.m., rescuers went to 1610 El Roy and administered oxygen to Carla Melrose, 20. She was later taken to Grossmont Hospital in serious condition.

will be decided Monday.

Just prior to the budget study Monday, time was allotted for a presentation to Trustee Thomas Higdon who retires this month. Newspaper editor Max Goodwin made the presentation for the board and the administration. (see editorial this issue)

The board also approved an Organizational Meeting, as required by law, to be held July 7.

Hard Rock Combo From Monte Vista To Highlight Benefit

A hard rock combo (four Monte Vista High School students) will be featured at a Mexican fiesta, "La Fiesta Fantastica," 10 a.m. to 5 p.m. Saturday in La Jolla Recreation Center, 615 Prospect st. It will benefit Escuela Hogar Buen Pastor, a Mexican home and school housing 150 girls, aged 2-17.

The group, "The Mourning Doves," include Steve Adams of La Mesa, organ, with Dave and Mike Touchton, lead and bass guitars, and Richard Steiger, drums. They will play on the lawn, at the 1:30 and 3:30 stage shows, and for a final hour of dancing before close of the fiesta.

Also performing will be the folk rock group, "Alive and Well," Dean Millican guitar, and Shannon Green, bass, both of El Cajon, and Miss Cathy Jaye-Jeman of La Jolla, vocalist.

Mexican dancers, Guillermo Camacho, 8, and Miss Tori Ortega, 7, from Alberto Flores' Neighborhood House dance class will perform.

SPRING VALLEY BEAUTIFUL — That's the slogan for a cleanup project now underway in Spring Valley. More and more bumper stickers like the one above are appearing in the community.

A familiar figure, Becky Christensen, applies this bumper sticker to help pass the word. Becky is this year's Miss Spring Valley.

Current Billy Graham Crusade Fills Madison Square Garden

NEW YORK CITY — Evangelist Billy Graham's current Crusade in Madison Square Garden has rounded its first weekend, and appears to be picking up where the first New York Crusade in 1957 left off.

The first two nights of the Crusade — Friday and Saturday — the new Madison Square Garden was filled to its 20,000

spectator capacity, with several thousand more turned away.

Some of those turned away were seated in an overflow auditorium equipped with closed circuit color television.

Sunday night a heavy rain trimmed the crowd slightly. There were more than 1,000 "decisions for Christ" Friday night and again Saturday night. Sunday night there

were about 800 decisions.

At a press conference after the service Friday, Graham told reporters he was "overwhelmed" by opening night attendance and the response to the invitation was a "joyful surprise" to him.

Graham said he thought the Friday night response "was as large or larger than any opening night" in the history of his Crusades.

Another arm of the Graham ministry also drew large crowds to the Crusade Coffee House, manned by folk-rock musical groups combining entertainment with the message of the Gospel.

Saturday, the largest crowd in the history of the new Garden, which is approaching its first birthday, was recorded.

All seats in the huge arena were taken and many people stood in aisles and foyers. The overflow auditorium a block away from the Garden filled

Court Teresa 1580

At recent conference of State Court of Catholic Daughters of America, Court Teresa of Avila No. 1580 received a First for Achievement of the Juniores and Thirds for the Juniors, Social Service Involvement, Educational Involvement and for the Court Bulletin.

Chairmen responsible for these activities were, Mmes. U. C. Easterling, Richard Dion, Ernest Arviso, David Coleman and Ralph Mulroy.

quickly and many more were turned away from there.

The emphasis Saturday evening was on youth with Graham speaking about the student rebellion in America.

Friday night his topic was "The Unknown God." Sunday evening Graham preached on the meaning of the shedding of Christ's blood for man's salvation.

Graham preached to an additional several million people via television. The telecasts are history-making events in themselves, marking the first time Graham has preached an entire Crusade on television.

More than a dozen cities from Boston to Miami and New York to Minneapolis are on the hook-up for the telecasts.

Alice D. Sibley

Services were held Tuesday for Alice D. Sibley, 86, of 3567 West st., Lemon Grove, who died Friday.

Survivors are two sons, including Charles Bentelle, of Lemon Grove; a sister; five grandchildren; 17 great grandchildren, and a great-great grandchild.

Local Obituaries

Arnold Preckel, Former Banker, Dies in Hospital

Funeral services were held for Arnold Preckel, of 8160 Jefferson ave., Lemon Grove, who died June 14 after a short illness.

Mr. Preckel was the custodian of the Lemon Grove Post Office for 10 years but retired two years ago.

Trinity Presbyterian Plans 'Pre-School'

Plans for a day pre-school at Trinity Presbyterian Church, are going ahead, with the school to open in the fall. Ruth Cargile will be director.

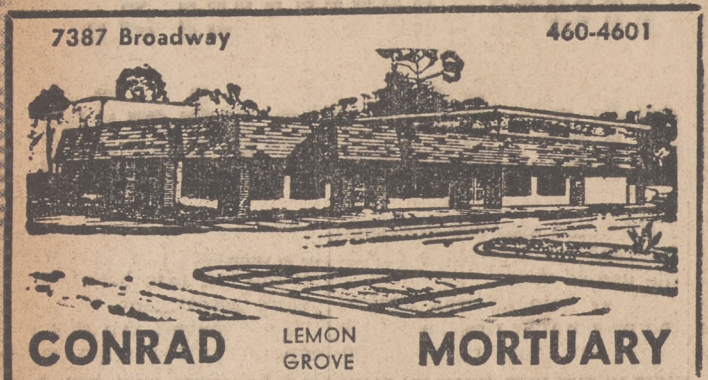

A news release from the church stated that the school wants to provide the children with a balanced program and a variety of activities when the school opens.

The school is planning the equipment to be purchased and hopes that donors may provide the following items, which many area children out-

1. A swing set with two swings
2. Tricycles—12 inch and 15 inch
3. Wagons—all sizes
4. Wooden puzzles (with all the pieces)
5. One washable blanket — for sick children
6. Books in good condition.
7. One set of regular size plastic dishes
8. Cookie cutters
9. For dress up: Scarves Men's and ladies' hats Vests and ties Jewelry
10. Pet cages
11. A terrarium.

The request pointed out that many items needed can be made at home.

France, Spain and Great Britain are among Cuba's most important customers.

This Sunday

Always and Everywhere

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

Accent On Youth

TEEN SCENE began last night at the First Baptist Church of Lemon Grove featuring a youth team from Texas as bringing Bible messages and inspirational music.

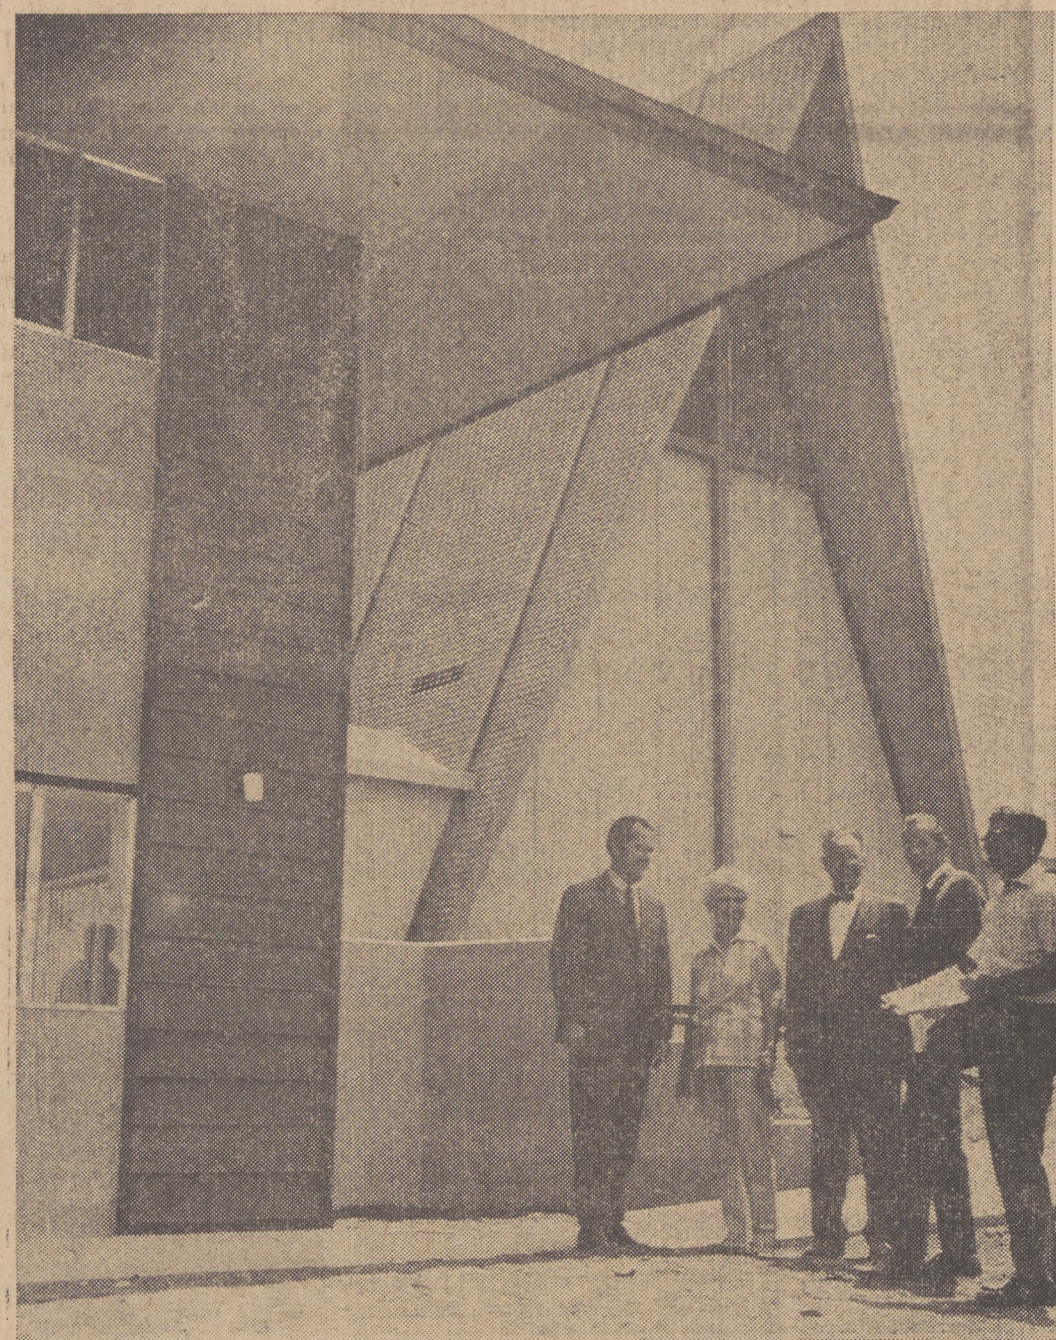

Featured are George Boydston, who will be guest speaker, and Ron and Evelyn Trammell.

Ron Trammell will be conducting the youth choir each evening with practice beginning at 7:00, and Mrs. Trammell, who is a former "Miss Dallas", will be vocal soloist.

Services are at 7:30 each

evening through Sunday night. Sunday morning youth services are scheduled for 10:15. A Ribbon Choir, featuring primary and junior age children, will sing each evening, with special performances by "The Contemporaries".

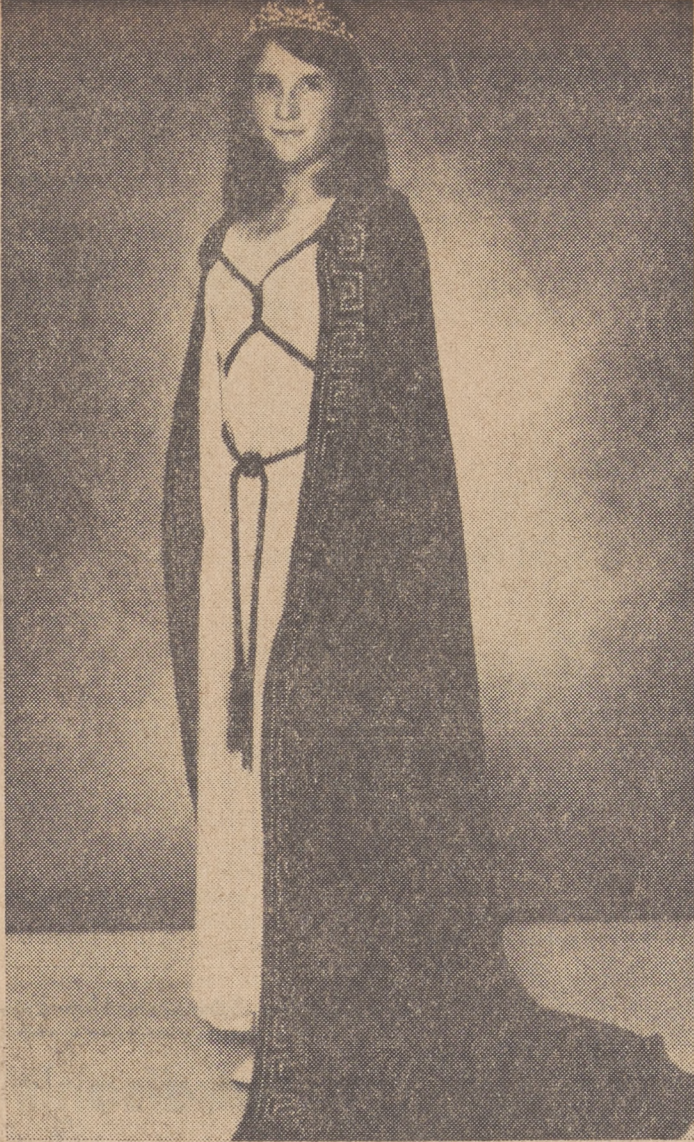

Junior and senior high school youth are especially invited to attend the TEEN SCENE each evening. Pastor of the church, Robert E. Kleinschmidt, said adults are not left out of the picture, as they are encouraged to back the youth by their attendance. "We are hoping for a youth-led, adult-followed revival!"

NEW CHRISTIAN EDUCATION BUILDING —
Another sign of growth in Spring Valley is this new structure at Trinity Presbyterian Church, 3902 Kenwood dr., Spring Valley. Inspecting the building are from left Rev. Richard K. Adams, pastor, Virginia Kitchen, director of Christian Education, Howard Gardner, building committee chairman, John Sigurdson, architect and John B. Reed, general building contractor.

"We're Building a Dream" was the theme at the June 22 dedication of this \$116,000 facility. The two-story 7,200 square-foot building was recently completed after two years of planning and five months of construction.

Trinity Presbyterian Church was established in 1952 and the A-frame sacristy (background) was completed in 1961.

'Spoon River' Is Small Town Life in 1900's

Four actors and two ballerinas recreate the mood, character and life of a small mid-western village when "Spoon River Anthology" opened this week.

Edgar Lee Masters' dramatic and humorous saga of Americana is being performed at the Cassius Carter Centre Stage, adjacent to the Old Globe Theatre in Balboa Park.

A limited run is scheduled nightly except Monday with matinees on Saturday and Sundays.

"Spoon River Anthology" is a series of biographical vignettes, each depicting an individual citizen of Spoon River. The fictional small town represents hundreds of communities and the board range of personalities that lived in rural America at the turn of the century.

Each actor portrays from 12 to 16 different characters as the loves, disappointments, frustrations, ambitions, accomplishments and the joy of living are depicted in belief, eloquent characterizations.

Performance of "Spoon River Anthology" will coincide with the Old Globe Theatre's San Diego National Shakespeare Festival. The current repertory includes "Julius Caesar" and "A Comedy of Errors." "Macbeth" will join the season on July 10.

GEORGE W. NORWOOD

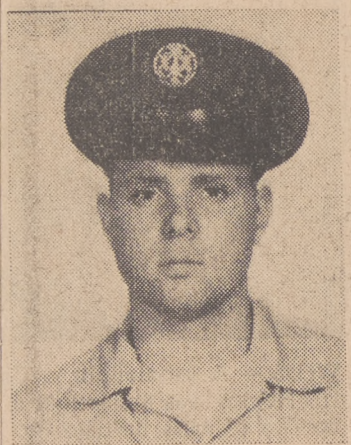

First Lieutenant George W. Norwood, son of Mr. and Mrs. D. W. Norwood of Leesburg, Fla., recently flew two close air support missions for elements of the Vietnamese Second Army near Quang Ngai City, Vietnam.

Lieutenant Norwood and a fellow A-1 Skyraider pilot of the 633rd Special Operations Wing at Pleiku Air Base flew one mission against the enemy positions, returned to Pleiku for more munitions, and returned to the same area.

The forward air controller credited the pilots with destroying 12 military structures, damaging 10 others and setting two sustained fires.

The lieutenant, a 1960 graduate of El Cajon Valley High School, received his B.A. degree in 1967 from San Diego State College and was commissioned there through the Air Force Reserve Officers Training Corps program.

His wife, Mary, is the daughter of Mr. and Mrs. O. Phillip Jordan of 7922 Palm ave., Lemon Grove.

WALTER J. SAGER

Airman Walter J. Sager, son of Mrs. Elsie R. Sager of 2753 Buena Vista ave., Lemon Grove, has completed basic training at Lackland AFB, Tex. He has been assigned to Lowry AFB, Colo., for training in the supply field.

Airman Sager was graduated in 1964 from Carmel (N.Y.) Central High School and received his B. E. degree in 1968 from Rochester Institute of Technology.

Dear Editor:

Speaking at the Spring Valley Rotary Club, Brad Underwood, a 9th grade geography teacher at Mt. Miguel High School, was erroneously reported as a specialist in sensitivity training.

Underwood actually has never participated in sensitivity training. His experimental teaching program includes the use of tremendous archaeological resources of San Diego County co-related with back country camping trips to help students get real life experience in understanding geography. The variation from traditional geography serves very effectively as a motivating factor to students with a history of under achievement. These students are of average ability but have previously not produced in school up to their capacity.

Underwood stated that "Many of the boys have become sensitized to the stimulus of the cactus but psychotherapy is definitely not one of my activities."

Sincerely,
Brad Underwood

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

Ever hear someone say "He is on the ball?" Placing this type of phrase into Spanish can create some interesting problems. We may say "El esta en la pelota." for a word for word translation but the idea becomes lost. Spanish-speakers usually interpret "en la pelota" to mean literally "on top of the ball." To eliminate the possible confusion, an equivalent literal expression for "on the ball" must be made in English and then translated into Spanish. "On the ball" conveys the idea of efficiency. Thus, "He is efficient," can mean "He is on the ball," and would be translated "El esta eficiente."

The expression "having a ball" is another example for which direct translations do not apply. This could be translated "teniendo una pelota," on a word for word basis but it would fail to transmit the idea of "divertendose" (having a good time).

Translation of "on the go" misses its mark when reflected literally as "en la ida." A person that is "on the go" is considered an active person and "He is on the go," would

Spring Valley Signalman, John L. Ruge Holds Down Twofold Job In Vietnam

By JOE COOKIE BARRETT

As both the Chief Master at Arms and leading petty officer of the signal "gang", Chief Signalman John L. Ruge has to handle two important jobs at once.

On one hand, he is the man responsible for ensuring that all of the ship's regulations are adhered to. On the other, Ruge supervises the men who handle the visual communications aboard the USS Fort Marion (LSD-22), where he is presently stationed. Fort Marion is a unit of the U. S. Seventh Fleet Amphibious Force operating off the coast of Vietnam.

For the 18-year veteran, however, these tasks are but part of his daily routine. "As the man in charge of the Master at Arms force, I work directly with the Executive Officer and, through the three enlisted men on my force, make his policies known to the crew," said the Chief. "Our

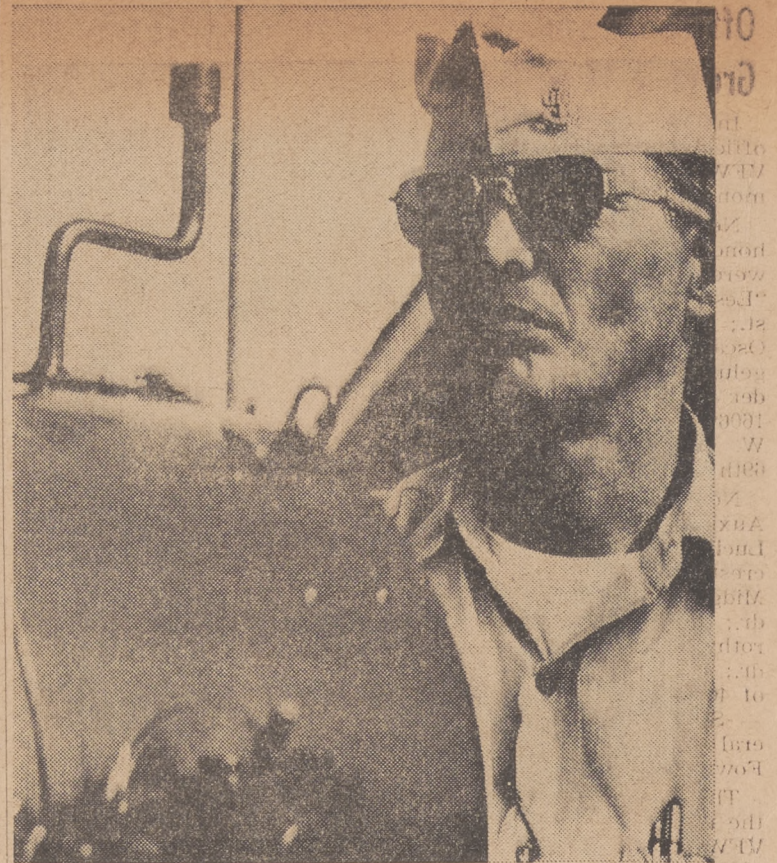

ing parties, distribution of linen and berthing spaces, and anything else that comes under the ship's ordinances."

Another thing that John is tremendously interested in is his family. He and his wife, Judith, have three children and they have all boys. The oldest is Bob, 15, John Jr. is 12, and Steven is the youngest at nine.

The chief looks forward to the end of each cruise as a time when he and the boys can spend leisure hours playing and staying together. "Usually," stated Ruge, "I have a hard time believing that they have grown so much in the course of eight or nine months. And we always have a lot of catching up to do."

Signalman Ruge spends a lot of time on the bridge with his men and has them repairing signal flags, pennants, and ensigns. He also instructs them in the sending and receiving of messages by flashing light, semaphore (signaling by waving the arms while holding a flag in each hand), and flagraising.

His day is a long one, but it ends with the knowledge that a job has been well done.

BLINKING LIGHTS — Signalman John L. Ruge of Spring Valley flashes a coded message to another ship in the coastal waters of the Republic of Viet Nam.

Ruge is the petty officer in charge of the signal "gang" on board the USS Fort Marion (LSD-22). The 36-year-old sailor is married to the former Judith V. Graves, and is the father of three boys: Bob, 15, John Jr., 12, and Steven, nine. OFFICIAL U.S. NAVY PHOTO BY JOE COOKIE BARRETT (MOBILE AMPHIBIOUS NEWS TEAM)

Social Security Employees Toast 2nd Anniversary Of Cajon Office

El Cajon Social Security Office employees recently celebrated the second anniversary of operations in El Cajon with a pot-luck luncheon in their new office at 570 North Second st., in El Cajon.

Manager Sumio Oto said that after two years of operation this office has proven its need and worth to East San Diego County residents.

Oto stated that during the first two years of operation, since opening June 19, 1967, an estimated 60,000 people called at the office regarding social security and Medicare matters, 11,153 benefit claims were filed, 25,275 social security cards were issued and approximately \$3,000 telephone

inquiries were received.

Oto concluded by saying, "My staff and I are extremely gratified with the response and enthusiasm displayed by East San Diego County residents in their acceptance of our new office."

Office hours are from 8:30 a.m. to 5:30 p.m., Monday through Friday. In addition, the office is open Wednesdays until 7:30 p.m. for the convenience of those who work or are unable to visit the office during regular hours. The phone number is 442-0851.

'Outstanding' Junior High Students Named

Four students in the Lemon Grove Junior High graduating class last Thursday evening won awards and recognition for outstanding work in scholarship and citizenship at the ceremonies which saw 233 eighth graders presented diplomas.

Lynne Stephens of the 8-3 class won the annual \$25 scholarship from the Lemon Grove Kiwanis Club. Her excellent record of "A" grades during her seventh and eighth grade years at the school placed her at the top of the graduating class.

She is the daughter of Mr. and Mrs. J. H. Stephens, 6818 Amber pl.

Paula Cooper, violinist with the school orchestra, was awarded the \$50 scholarship for further study by the Lemon Grove Woman's Club Juniors. A fine musician who shows promise in the field, she was named earlier this year to play in the Southern California Junior High Honor Band.

Paula is the daughter of Mr. and Mrs. Paul F. Cooper, 6832 Central pl.

Each year the names of two outstanding school citizens are engraved on a perpetual trophy begun by the school in 1946. Margaret Weld, who also a top scholar, won in the girls' division for her work in school activities and superior citizenship grades.

She is the daughter of Mr. and Mrs. John L. Weld, 7086 Central ave.

In the boys' division, top citizenship honors went to Michael De Gaetano, son of Mr. and Mrs. P. L. Gaetano of 2752 New Jersey st.

Michael boasts an excellent record of grades both in citizenship and scholarship and has been active in many school events during his junior high years.

There is no generally accepted form of abbreviation for the state of Idaho.

SCHOLARSHIP — Paula Cooper, (right) a student a Lemon Grove Junior High School, is awarded a \$50 music scholarship by Lemon Grove Woman's Club Juniors' President Mrs. M. R. Christian. The scholarship has been awarded for the past 17 years and is the largest one given at the Junior High level.

Paula, a violinist, is the daughter of Mr. and Mrs. Paul F. Cooper, of 6832 Central pl., Lemon Grove. She was judged on scholarship and citizenship as well as musicianship. She has been an orchestra member for four years and is a member of Southern California School Band and Orchestra Association Junior High School Honor Orchestra. She has played many solos and ensembles on the violin during the year.

Starbuck Joins Adventists In Switzerland

Susan Starbuck, 1925 Massachusetts, Lemon Grove, will leave Wednesday, July 2, by chartered jet to attend a giant Seventh-day Adventist World Youth Congress in Zurich, Switzerland.

Miss Starbuck will fly to London, England, and will travel through Europe, arriving in Zurich on Tuesday, July 22, opening day of the religious youth conclave.

The local resident will be one of a contingent of 1,000 young Seventh-day Adventists representing some 430 churches in the states of California, Arizona, Utah, Nevada, and Hawaii attending the Zurich meeting which will draw more than 12,000 Adventist young people from about 100 countries.

Highlighting Miss Starbuck's attendance at the Zurich youth conclave will be visits with youths from many eastern European countries, as well as laying plans for youthful Christian witnessing in the "United Nations" atmosphere of the world meeting.

She will return to the United States July 27 following a 25-day visit which will include participation in the Zurich conclave and a tour of historical and cultural sites in Germany, France, Switzerland, Austria, Italy, Belgium, and England.

She was graduated from Mt. Miguel High School in 1963, attended Grossmont Junior College for two years and is presently a clerk at Paradise Valley hospital.

Her father is superintendent of the S.D. City animal pound.

Ottawa is opening a new National Art Centre costing \$46.4 million. It includes a 2,300 seat concert hall and an 800-seat theater.

School Notes From Kempton

Among the ninety-three pupils of Kempton Street School who recently completed the sixth grade are the first pupils who have completed their full seven years (K-6) at the Kempton Street School (Spring Valley).

An Awards Day was held June 19; departing Student Council representatives and service organization participants were honored.

The student body officers have sponsored popcorn sales and Saturday films in order to finance this gift to the school. Tina May is student body president at Kempton.

The Kempton Student Council voted to hold a special activity at the school when informed of the plight of Tommy Buchman of Lakeside who contracted rabies.

Kempton PTA officers joined in the project and mothers manned a booth selling popcorn and soft drinks at the June 4 Field Day. Response was good; booths sold out of both popcorn and drinks before the event was closed.

As a result of this joint effort, a forty dollar check was sent to a local bank to help the Buchman family pay mounting bills.

Ed Hale Wins In El Cajon Modified Race

EL CAJON — Modified Sportsmen, along with Figure 8, Super Stock and Limited Stock car racing is slated for a full bill at Cajon Speedway Friday and Saturday.

Action will begin at the El Cajon race track starting at 8 p.m. on both nights.

Bob McCoy of San Diego will be out to catch Bobby Hogle of Buena Park in the Modified racing division. Hogle, holding a total of 490 points in track standings is favored to win.

In the super stock division, Carl Adams will attempt to dominate the action. Adams has racked up 1,385 points in the race for the track title.

Jim Hitt of Lemon Grove along with Jim Whitt of El Cajon will add to the thrills and the spills at the Speedway.

In action last week George Esau of East San Diego won his first main event in the Super Stocks while Gary Manley of National City captured a main event win in the Limited Stock division.

Ed Hale of Lemon Grove picked off a win in the Modifieds last week while Mike Heuslein of La Posta scored a victory in the Figure 8 feature on June 20.

Powder Puff (women) racing will be held at the track on July 12 while a 50 lap main event will get underway on July 5.

Youthful Forger Released to CYA

SAN DIEGO (CNA) — Paul D. Jones, 19, 7221 Lamar st., Spring Valley, was referred to the California Youth Authority on Friday by Superior Court Judge William P. Mahedy after pleading guilty to forgery.

A charge of burglary of the Teen Action Center, 7654 Broadway, Lemon Grove, was dismissed.

According to the probation report, Jones and a juvenile entered the center on April 15 and took \$6 and blank checks. Jones passed one check for \$60 at Valley Farms Market.

The report says that Jones was placed on probation from the El Cajon Municipality Court on Nov. 6, for carrying a concealed weapon.

The probation officer said he has paid no more attention to his probation than if it did not exist.

Of Jones, the officer wrote, "He has a winning way about him that can be quite deceptive. He can roll his eyes, flash his smile and handle himself in such a manner as to melt one's heart for him in pity over his unfortunate plight and in this manner, gain his way over authority."

Golf Tourney To Net \$2,000 For Pop Warner Footballers

The Los Toros Football Club of the Lemon Grove-Spring Valley Pop Warner League, is sponsoring a golf contest by which the team hopes to earn enough to buy land for a permanent football field home.

The tournament is scheduled for July 13 at Cottonwood Country Club and every four-some will have at least one outstanding public personality as one of the partners.

More than \$2,000 in prizes have already been set up with more to come, according to George Sperla, a Lemon Grove businessman, who is tournament director.

The Sunday tournament, to which players will be on the big Cottonwood layout — the

Ivanhoe Course. There will be no advance handicaps but the Peoria system will be used. There will be six blind holes and the count number over par on these holes will be multiplied by three for the contestant's handicap.

There will also be free refreshments for participants on two holes.

According to Sperla, every golfer will receive at least one prize with trophies for 1st, 2nd and 3rd low net.

Chuck Spencer, president of the Los Toros Football Club, said that proceeds from the tourney will be used to pay for uniforms. The balance will be put in a fund to purchase a football field. The tourney

should net about \$2,000 he said.

Spencer said as many as 300 boys will be out for Pop Warner this year. Games attract approximately 150 people. He said that three acres of land would handle all of the League's needs.

"We have a hassle every year concerning fields," Spencer said. Last year we didn't have the fields nailed down until the first week of the season. We don't know how soon we can buy a piece of land but the tourney will give the project a start. Pop Warner football is too important to the youngsters to let it be operated on a week-to-week basis."

He said sign-ups have already started this year with more than 100 boys already in. Personalities who will take

part in the golf tournament are from various fields of sports and from radio and television.

Some who will play are:

FOOTBALL — John Hadl, Jeff Staggs, Emil Karas

ROCKETS — Don Kojis, Dick White, Jack McMahon

TV 39 — Bob Chandler, Bill Fouch, Chris King

KSDO — Rod Page, Gordon Benson

GULLS — Max McNab, Willie O'Ree, Fred Hiltz

KCBQ — Happy Hare, Ron Thompson

TV 8 — Bob Mills, Bob Dale, Bob Regan, Lyle Bond

GOLF — Cliff Crandall, Jim Gilbert, Al Nicholson

KOGO TV — Al Couppee, Don Howard, Ernie Myers

KDEO — Mort Sidley, Don Balsamo

UNION-TRIB — Bob Angus, Mike Sund

SD STATE — Al Boldach, Claude Gilbert, Dennis Shaw

SPECIAL PERSONALITIES — Mayor Frank Curran, Sup. H. Scheide, Fred Finn, G. Pernicano, Lute Mason.

Entry blanks are available from George Sperla at Village Golf Shop, 7779 Broadway, Lemon Grove, or at Cottonwood Country Club. Most other golf courses also have entry blanks, Sperla said.

Bailey has been active in sports since he has been at Miguel, completing three successful years with the baseball team, and a year of golf in addition to his work on the grid-iron.

Among his honors for the past football season, Bailey was the leading scorer on the Matador squad, and also had one of the top rushing averages in the Grossmont League.

The top senior cross country runner for the 1968 season was Mike Drew, who has been running for Miguel's teams for four years, three varsity.

Drew hopes to major in P.E. when he goes to college and has earned many awards for his ability to run. Included in the honors this year for Drew is the new school record for the grueling 1.9 mile cross-country course (9:01). He has also grabbed seventh and ninth places at the statewide cross-country meets at Mt. San Antonio College, and a fourth place at the Aztec Invitational meet.

Some of the other sports that Drew has participated in include baseball and basket-

ball. The top senior award for water polo has been given to Richard Ingraham this year. Ingraham has a long list of qualifications for the honor, among them being the fact that he was the captain of the team this year, and was a member of the All-CIF team.

Ingraham is also the owner of all the San Diego County CIF scoring records for water polo after his fine year with the Matadors, and was also selected Most Valuable Player this year.

Bill Kramer was the best senior wrestler according to Coach Ned Blass, as he went all the way in the CIF playoffs to claim the title in his weight division.

Kramer stands 5'7½", had a "B" average for four years, considers wrestling his favorite sport, and is planning to enter the Marine Corps after graduation.

The senior basketball player of the year is Ken Barstow, who has been the mainstay of the Matador team for the last two years. Barstow has grabbed a four year scholarship to the University of Seattle after his fine work at Mt. Miguel.

Dougherty, one of San Diego County's few shot putters who has reached the 60 foot mark, has won a scholarship to Stanford University.

Dougherty has had a solid "B" average at Mt. Miguel in his four years at the school, and has set many records in both his events, including the indoor record for the shot put, which he set at the San Diego Invitational, A.A.U. Meet.

The year's outstanding golfer, according to Coach Bob Sanders, was none other than John Binkle, the only member of the team to make the CIF team for the county.

Binkle, who led the Miguel team to an 8-4-2 record for the year, was not entirely satisfied with his performances throughout the year.

Ron Kraft, another one of Mt. Miguel's multiple athletes was honored this year as the swim team's top senior, due primarily to the fine job he did while leading the team to a second place finish in the Grossmont League. Kraft was picked for the CIF team's second squad.

His other sports include wrestling, which he has participated in for four years, and water polo, of which he has been a member for the last two years.

And now, moving along to baseball, we find that the Matador team has a pair of outstanding seniors in Charlie Gregg and Bill O'Connor. Gregg, who is one of the smallest players in the league, has been the hustle player for the team all year long, and has played infield, outfield, and catcher (any position where he is needed).

O'Connor has been the second baseman for the Matadors since he took over the position as a freshman. Since then he has burned up all the records at the keystone sack, while also holding one of the heaviest bats in the Grossmont League year after year. O'Connor plans to play pro ball after college.

COME TO THE FAIR — Don Diego (center) and Carolee Meachum, Fairest of the Fair, invite newsmen to the Southern California Exposition at Del Mar now through July 6. Each year Don Diego, the perpetual symbol of the Fair, and the current "Fairest" bring a gift to each newsmen to dramatize the

event. This year as shown in the above photo, a litho of the "Birth of San Diego" is presented to editor-publisher Max Goodwin. The original painting was commissioned by Copley Press and is reproduced in San Diego Union Editor Emeritus Richard Pourade's book "The Call to California."

TOP SENIOR ATHLETES — Three of Mount Miguel's standout senior athletes are Steve Dougherty (L) shot and discus specialist who has tossed the lead ball 60 feet; John Binkle (C) top golfer who was selected to the CIF team; and Ron Kraft (R) who paced the swim team and was named to CIF second team.

Outstanding Senior Athletes Named At Mount Miguel

By JOHN NICHOLSON

Mt. Miguel's top senior athletes of the 1968-69 school year have been announced.

The top senior football player for the season was Steve Bailey, who was also chosen Matador of the year for the football team.

Bailey has been active in sports since he has been at Miguel, completing three successful years with the baseball team, and a year of golf in addition to his work on the grid-iron.

Among his honors for the past football season, Bailey was the leading scorer on the Matador squad, and also had one of the top rushing averages in the Grossmont League.

Bill Kramer was the best senior wrestler according to Coach Ned Blass, as he went all the way in the CIF playoffs to claim the title in his weight division.

Barstow participated in another sport this year, track and field. His mark in the triple jump was one of the best marks in the league. Barstow enjoys most sports and likes to relax and eat cookies with ice cold milk.

The tennis team had, not one, not two, but four outstanding seniors this year, and it is tough to pick any one of them over any of the others.

Jon Rex, Craig Sandling, Ken Nishiyue, and Richard Brady have led the team to its best season in history. Rex and Sandling kept the team in good shape with their fine play in the singles division, while the doubles team of Brady-Nishiyue was always supplying plenty of action.

Moving on to take a look at this year's top senior track team member, there is little choice but Steve Dougherty, the shot put and discus enthusiast.

Dougherty, one of San Diego County's few shot putters who has reached the 60 foot mark, has won a scholarship to Stanford University.

Dougherty has had a solid "B" average at Mt. Miguel in his four years at the school, and has set many records in both his events, including the indoor record for the shot put, which he set at the San Diego Invitational, A.A.U. Meet.

O'Connor has been the second baseman for the Matadors since he took over the position as a freshman. Since then he has burned up all the records at the keystone sack, while also holding one of the heaviest bats in the Grossmont League year after year. O'Connor plans to play pro ball after college.

Some of the other sports that Drew has participated in include baseball and basket-

ball. The top senior award for water polo has been given to Richard Ingraham this year. Ingraham has a long list of qualifications for the honor, among them being the fact that he was the captain of the team this year, and was a member of the All-CIF team.

Ingraham is also the owner of all the San Diego County CIF scoring records for water polo after his fine year with the Matadors, and was also selected Most Valuable Player this year.

Bill Kramer was the best senior wrestler according to Coach Ned Blass, as he went all the way in the CIF playoffs to claim the title in his weight division.

Kramer stands 5'7½", had a "B" average for four years, considers wrestling his favorite sport, and is planning to enter the Marine Corps after graduation.

The senior basketball player of the year is Ken Barstow, who has been the mainstay of the Matador team for the last two years. Barstow has grabbed a four year scholarship to the University of Seattle after his fine work at Mt. Miguel.

Dougherty, one of San Diego County's few shot putters who has reached the 60 foot mark, has won a scholarship to Stanford University.

Dougherty has had a solid "B" average at Mt. Miguel in his four years at the school, and has set many records in both his events, including the indoor record for the shot put, which he set at the San Diego Invitational, A.A.U. Meet.

The year's outstanding golfer, according to Coach Bob Sanders, was none other than John Binkle, the only member of the team to make the CIF team for the county.

Binkle, who led the Miguel team to an 8-4-2 record for the year, was not entirely satisfied with his performances throughout the year.

Ron Kraft, another one of Mt. Miguel's multiple athletes was honored this year as the swim team's top senior, due primarily to the fine job he did while leading the team to a second place finish in the Grossmont League. Kraft was picked for the CIF team's second squad.

His other sports include wrestling, which he has participated in for four years, and water polo, of which he has been a member for the last two years.

And now, moving along to baseball, we find that the Matador team has a pair of outstanding seniors in Charlie Gregg and Bill O'Connor. Gregg, who is one of the smallest players in the league, has been the hustle player for the team all year long, and has played infield, outfield, and catcher (any position where he is needed).

O'Connor has been the second baseman for the Matadors since he took over the position as a freshman. Since then he has burned up all the records at the keystone sack, while also holding one of the heaviest bats in the Grossmont League year after year. O'Connor plans to play pro ball after college.

Grove Bobbysoxers See Lots Of Action

Lemon Grove Bobby Sox League play after eight weeks finds the Green Hornets in first place. The Mustangs, who are in second place were defeated by the Green Hornets 36-18.

The Hornets went on to win five more games without a loss.

Julia Ledesma pitched four straight victories (with Pam Jackson pitching also for the Green Hornets with two victories.)

It looks as if the team to beat is the "Green Hornets," according to Mike Simpson, league president. And "Kato" isn't on the team.

Other minor league play found the Mustangs winning four, losing two. Debbie Baer of the Mustangs allowed one hit and pitched shutout ball.

NOTICE OF HEARING

NOTICE IS HEREBY GIVEN that on July 7, 1969, at 2:00 p.m., in Room 310, Board of Supervisors North Chamber, County Administration Center, 1600 Pacific Highway, San Diego, California, a hearing will be held on a petition filed with this Board on May 21, 1969, proposing the annexation of the hereinafter described territory to the Lemon Grove Lighting District and the establishment of a temporary zone with respect to said territory. At the hearing, or at any time to which it is continued, this Board shall consider the petition and any protests of interested parties which may be filed against it or against the annexation of any territory to the district. The text of said petition is as follows:

Salas Annexation
Document No. 414311
TO: Board of Supervisors
San Diego County, California

The undersigned petitioners hereby respectfully request that all of the territory described in Exhibit A hereto attached and by this reference incorporated herein be annexed to the Lemon Grove Lighting District (hereinafter referred to as the District) of the County of San Diego, State of California, pursuant to the provisions of Chapter 12, commencing with Section 19210, of the Highway Lighting District Act (Part 4 of Division 14 of the Streets and Highways Code).

1. The number of owners of real property in the Territory is 28.

2. The assessed value of the real property in the Territory as shown by the last equalized assessment roll of the County is \$62,060.

3. The Territory proposed to be annexed is not within the limits of any other lighting district.

4. All of said Territory will be benefited by inclusion in the district.

IT IS FURTHER REQUESTED that upon the annexation of said Territory or any part thereof, to the District, the Board establish said annexed territory as a temporary zone with respect to the 17 of said Highway Lighting District Act for the purpose of levying a special tax therein to finance the cost of installation and maintenance of the lights proposed to be installed in said annexed Territory. In regard to said temporary zone, the following information is submitted:

(a) A general description of the nature of the lights proposed is as follows: Installation of 4 - 7,000 lumen mercury vapor lights.

(b) The lights proposed shall be located as indicated on the map marked Exhibit B and attached hereto.

(c) The total estimate of all costs of installation and maintenance of the lights which will be incurred in connection with the installation of said lights as proposed is \$6,000.

(d) The period of time within which all of said estimated costs or charges shall be paid is one year.

(e) The estimated average monthly cost of maintenance of said lights is the sum of \$16.00.

The car of tomorrow?

Maybe. But it's not ready for you today.

We're now testing our electric-powered research car. It starts instantly, runs silently, can go 53 miles an hour and climbs all of San Diego's hills with ease. A dollar's worth of electricity will run it about 77 miles. More important, it produces absolutely no air pollution.

With continued progress in battery technology and a few other improvements, perhaps some day we'll suggest that you consider a smog-free electric car for your in-town driving.

Nine o'clock is a fine time for the fireworks display. It would be a fine time to have the young teenagers home to watch.
No matter how many family members and friends who join in the watching, it would be a splendid time to talk a little about the great principles for which the celebration stands. Happy Fourth of July to all Americans!

July 4 Safety Quiz Covers Holiday Driving Emergencies

Suppose during your 4th of July trip an oncoming car veers into your lane and hurls toward you. Which two of the following four actions do you take?

1. Blow the horn. 2. Apply the brakes. 3. Steer as far right as you can. 4. Switch to the lane the other car should be in.

In all but the rarest circumstances, moves 1 and 3 are best. The horn may wake the other driver up, and a right steer is more likely to provide escape than braking or turning into the oncoming traffic lane.

If you're one of 400,000 American teenagers who learned to drive this year with the Aetna Drivetrainer system, you not only knew the answer, you practiced the maneuver in the safety of your classroom simulator car.

But, if you haven't tested your safety sagacity lately, maybe you should tune up for holiday driving with these additional questions.

True-False
1. In case of a blowout, take your foot off the accelerator immediately, then pump the brakes.

False. Ease up on the gas gradually, not abruptly. Wait until the car slows naturally before braking gently.

2. If your car, heavily loaded for a trip, seems easier to steer than usual, your tires need more air.

False. You should move some of the heavier items farther forward.

3. It is sometimes better to steer toward an object in the road instead of trying to miss it.

True. If your choice in an emergency is between hitting a moving vehicle or a minor obstruction in the road such as a rock or animal, choose the

latter. If the object is small enough, straddle it rather than swerving to avoid it.

4. A light rain is often more dangerous to drivers than a heavy rain.

True. A light shower makes highways slicker than a heavy rain because road oil and grease "float" on the surface of the moisture. A downpour washes them away.

5. On turnpikes, rear-end collision are the most frequent type of accident.

False. Most turnpike accidents involve only one car. The statement is true for two-car accidents, however.

6. When an oncoming car fails to dim its lights, you should slow down and watch the right side of the road.

True. If you look directly into the high beams of an oncoming car at night, your eyes won't recover completely from the glare for one full minute.

7. Most traffic accidents occur at night.

False. About three out of four accidents happen in daylight, on dry roads, in clear weather. Most fatalities occur at night, however.

8. For better control on curves, slow down as you begin the turn and accelerate half way through it.

False. You should slow down well before you begin the curve and gradually accelerate about two thirds of the way through it.

9. When passing, you should not cut back until you can see the car you passed in your mirror.

True. This is a handy way to gauge a safe distance.

10. In terms of traffic fatalities, the 4th of July is the most dangerous of the three warm weather holidays.

True. So far.

Social Security Q/A Column

This newspaper presents this question and answer column about the Social Security program as a public service to our readers.

Questions are those most frequently asked about Social Security. Answers are provided by Sumio Ooto, El Cajon Social Security Office Manager.

Q. I am 20 years old and was just recently discharged from military service. I plan to go to college. My parents receive social security benefits. Will I be eligible for any benefits while I am a student?

A. Yes, very likely. You can receive monthly benefits if you are between age 18 and 22, unmarried, and a full-time student at an educational institution.

Q. My husband is going to be 65 this winter, but is not planning to retire at that time. I say that he should sign up for Medicare a couple of months before he turns 65, but he says he doesn't have to until he retires. Who is right?

A. You are. Even though your husband may not be eligible for monthly social security benefits at that time, he can have hospital and medical protection as soon as he reaches 65, but he must apply for it.

If you have further questions regarding the Social Security Law, contact or write the Social Security Office, 570 North Second st., El Cajon.

Art Teacher Recounts Career

By MARY BONNER

George Gray, art teacher and former ASB advisor at Monte Vista, described himself as a teenager as a "slightly rebellious" youth whose major interests were "girls and sports."

Even then, however, he enjoyed drawing and was fairly good at it, but he said that he allowed none of his friends to know about his hobby because he "in-crowd" thought only dummies went for this kind of thing. One of the ways he earned his money during those youthful years was by drawing backgrounds for a little theater in his home town.

Since he grew up on a ranch in New Mexico, he spent a great deal of time riding and roping in local rodeos. He said he was always fairly good at riding but he never was tops in roping.

While school was out in the summer, Gray worked on an Indian reservation where his father was employed. One of his most memorable experiences occurred while on this reservation.

He said that one summer he decided to let some "peach fuzz" grow on his face, and it certainly was peach fuzz," he added. Some of the Indians decided to initiate him into the tribe, so they got him down and plucked every one of the hairs off his face, roots and all. "It was quite a while before I required a shave," Gray recalls.

With his Indian friends, he used to ride along a fence near the highway. He said he would turn almost as brown as his friends and excited tourists would stop along the road to take pictures of "real" Indians, and he was always the subject.

This was a big joke with them because under his hat lay a head of blond hair, and he didn't have a bit of Indian blood in him.

"Where I lived," Gray said, "it was still the wide open west, not nearly as populated as it is now. There were a lot of people that were there when the area was really young and they influenced my thinking a lot," he said.

At the age of 17 Gray entered the Army and was stationed at Fort Bliss, Texas. He said he enjoyed his experience in the Army because it taught him discipline and appreciation of people.

In 1947, he entered New Mexico State University where he stayed for a year until he quit to marry. Later he returned to the university to work his way through to majors in art, education and psychology, with minors in English and history.

While in college Gray received the honor of having his name placed on the list of "Who's Who in Art in American Colleges and Universities."

In 1950 his teaching career began when he started teaching at Las Cruces High School in New Mexico. Then he received a Ford Foundation Fellowship to study art in New York. After that year he returned to Las Cruces where he stayed until he joined the Monarchy in 1961. He served as ASB advisor at MV and Las Cruces for a total of 12 years and states that he feels very strongly about young people.

"I feel a great sense of pride and of participation when working with young people," he said. Commenting on troublesome youth, he said, "Some of the ones that are the most rebellious now, in the future may wind up being some of our greatest leaders."

The teacher of 19 years said that since he came to Monte Vista he has been interested in another hobby. Swimming coach Fred Wadsworth first took him sailing in 1961.

Since that time he has placed never less than eighth place in world competition and three years ago he placed third in the same contest.

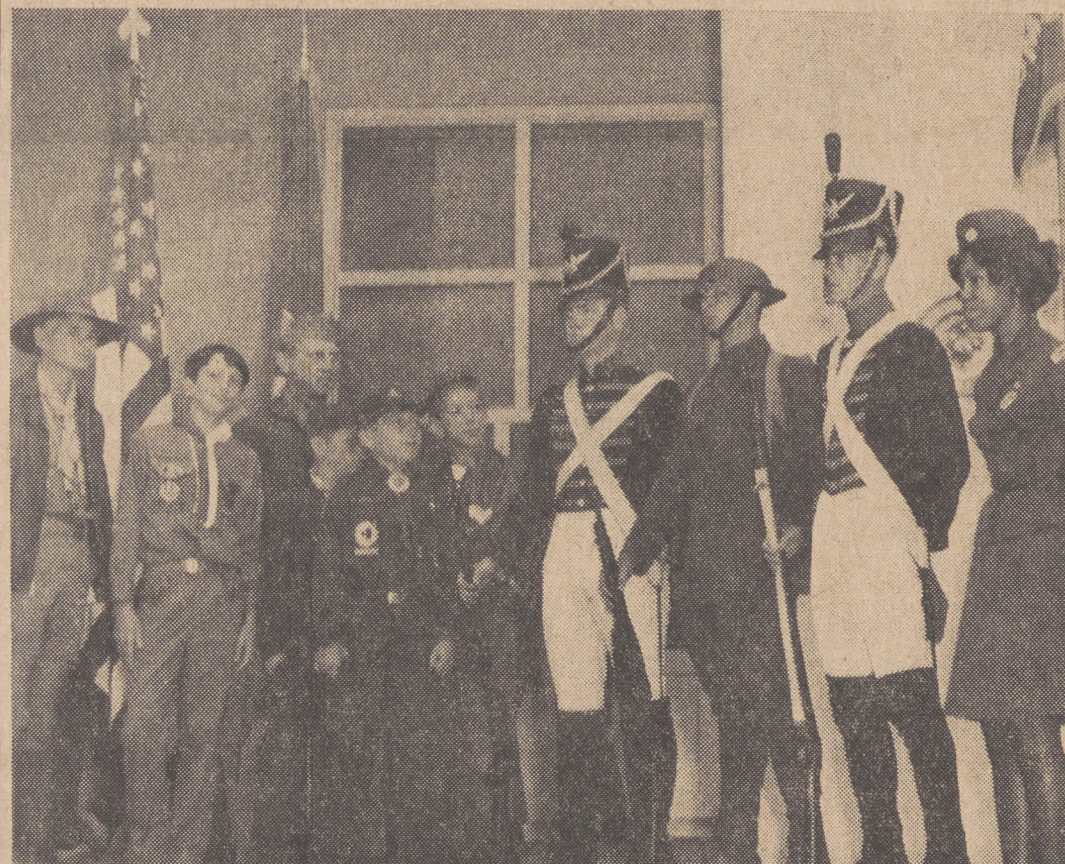

He has also built his own boat, a 17-foot racer. In order to prepare himself and his son, Ted, now a "fine sailor," for a trip around the world some time in the next few years, he has purchased a 30-foot yawl.

Among his list of accomplishments, Gray mentions his three sons. One of them a former Monarch, graduated in 1965, is now in the Navy. Another attends MV now and the youngest will be a freshman in the fall.

Mortgages Show Increase

Mortgage lending scored a phenomenal increase (considering money market conditions) with mortgage totals 11.6 per cent over May 1968 and the gross dollar volume of mortgages 22 per cent greater than the same month last year, according to J. C. Downs, editor, S.D. COUNTY REAL ESTATE TRENDS, monthly publication of Title Insurance and Trust Co.

Florida's population is now estimated at 6.2 million.

Terry Burns Of Lemon Grove Stars In Play At Fresno State

Terry Burns, 22 year old son of Dr. I. Burns of 8337 Mt. Vernon, Lemon Grove, will star in Eugene Ionesco's "Rhinceros," at Fresno State College.

The play will open July 3 and will run for six nights: July 3, 4, 5, 10, 11, 12, in the FSC Little Theatre.

A graduate of St. Augustine High School, the FSC student will portray Berenger in the play which focuses on the fatal and basic inescapable absurdity of the human condition.

"Rhinceros" conveys absurdity of defiance as much as the absurdity of conformism and the tragedy of the individualist who cannot join the happy throng of less sensitive people.

Burns' experience in the theatre includes performances in FSC's "June and the Pavement," "Alice in Wonderland," "Lysistrata," "The Lesson," and "Of Mice and Men."

Directed by Phillip N. Walker, professor of speech at FSC and Chairman of the Speech Arts Department, "Rhinceros" is one of the best known and most successful absurdist plays and has been performed innumerable times throughout the world with great success.

"Rhinceros" is headlining the third year of the Academy for the Performing Arts held in conjunction with the FSC 1969 Summer Session.
